PRO BONO PUBLICO

PREFACE

We take pleasure in submitting Vol. XXVI of the Asheville, N. C., Directory. While no directory is free from errors, we feel sure the Asheville Directory will rank above the average city directory and will give general satisfaction. Experienced help only has been used in collecting the data for this directory, and if there are any omissions of names it is not due to the fact that the ground was not fully covered by our canvassers, for a house-to-house canvass was made. It often occurs that a person, in giving the information for the directory, overlooks or forgets to give names of persons that should be listed, and in such cases it is not the fault of the publisher that some names are left out. As a rule these omissions are few. Of course, the printers have to make a few typographical errors—they would not be printers if they did not—but as a whole we know that the Asheville Directory can be relied upon, and will be found by all who use it to be a very valuable book of information, and one which no up-to-date business man can afford to be without.

We desire to thank our patrons for their liberal support, by which this publicaton was made possible. We also desire to extend our thanks to our many friends and the public in general for the courteous way in which they supplied us with the proper data. It is a pleasure for us to publish a directory in a city where the people are interested in the making up of a work of this character as was the case in Asheville. This of itself is good evidence that Asheville is a good, live, up-to-date city, and a good place in which to live.

We shall continue this publication yearly, and promise you efficient service.

ASHEVILLE, N. C.

"In The Land Of The Sky"

Asheville, North Carolina, a city having an estimated population of 47,000, is one of the most beautiful cities in Eastern America. Occupying a position on a high table land (2,300 feet in altitude), the city is surrounded by a wall of forested mountain ranges which not only add to the scenic attractions of this region but form a protecting barrier to high winds and storms and create for this particular plateau a most salubrious climate conducive to the best in health and comfort all the year.

The plateau on which Asheville and a number of other cities are located has long been known by the poetic title of "The Land of the Sky." The atmosphere of this section is high and bracing and at the same time the altitude is not too great to be pleasant to those who suffer from high elevations. The Land of the Sky is traversed by clear mountain streams and jeweled by numerous lakes which have been created by the hand of man.

ASHEVILLE, A PROSPEROUS CITY

Asheville being the commercial center for Western North Carolina has increased greatly during the last half decade in industrial prosperity, in commercial activity and in the annual tourist trade

which is an important contributing factor to the wealth of this community. During recent years Asheville's industrial development has outdistanced all other phases of the city's activities in growth and increasing importance. Three main industries are entered into actively in Western North Carolina. They are the manufacture of cotton goods, refining of wool products and the manufacture of leather. Some mining of semi-precious stones, quarrying of road material and building stones, production of mica and an amount of foundry work is also carried on. Two large cotton mills, the Beacon Mills at Swannanoa, and the Sayles Finishing Plant at Biltmore, have been added to the Asheville cotton milling equipment recently. They will be in operation in 1927. The Hans Rees Tannery and the Carolina Wood Products Company are two of the largest plants of the kind in the country. Both are located in Asheville. The Dimension Manufacturing Company will begin operation at an early date to add its quota to the manufactured products of this section. The growth of manufacturing in Asheville may be measured by the fact that since 1899 manufactured products in Asheville have increased from three million dollars in value to thirty-six million. The number of workers has tripled during that period.

Industrial opportunities have only been slightly touched in this region where waterpower within the next few years will be abundant and exceedingly inexpensive. The dams of the Southern Power Company are already contributing greatly to industrial advancement, ten of these structures being located on the Catawba River. The Carolina Power Company has begun construction of an eighty thousand horsepower project on the Pigeon River near Asheville and the Aluminum Company of America has already laid the foundation for a series of five dams which in the aggregate will exceed Muscle Shoals in production. This project is located on the Little Tennessee River in the extreme western part of the state. Considering Western North Carolina at large, it is worthy of note to mention the Champion Fibre Company, of Canton, which is one of the largest paper and pulp mills in the world. This plant thrives on the by-products of the forest industries of the region.

MOUNTAIN INDUSTRIES ARE FLOURISHING

Industries started a number of years ago by George W. Vanderbilt among the mountaineers of the section are still profitably in operation. Among these may be mentioned the Biltmore Homespun Industries at Grove Park, where pure wool homespun is woven by hand, the Tryon Wood Carving shops which produce a large amount of artistic carving in black walnut and other durable woods. The potteries located near the clay beds which here produce a good quality of earthen ware. These industries are carried on by hand, and the labor in most cases is furnished by the native mountaineer.

ASHEVILLE'S RESORT EQUIPMENT

Asheville is the center of a scenic playground which is fre-

quented by an annual throng of nearly seven hundred thousand visitors each year. Eleven prominent inns and hotels having a capacity of twenty-five hundred cater to visitors in this section and offer throughout the year a service which is equal to any in in the world and which at the same time is given at a reasonable rate. Both American and European plan hotels are included in this list. Five golf courses, one of them an eighteen-hole municipal course, are offered to the visitor within a short distance of the city. Riding, swimming, tennis and other sports make up the round of activity in Asheville during the year.

Asheville offers facilities of seven excellent theatres and supports an annual season of opera. A Municipally owned baseball club is maintained, the city having a place in the South Atlantic League. A municipal stadium is under construction for the football season of 1927. The city is the scene of annual golf and tennis tournaments which embrace in their interest the entire eastern United States. Horse shows and other events of this sort are additional attractions. Asheville has an excellent municipal library which houses the O'Henry Memorial collection, a most unique institution.

MUNICIPAL GOVERNMENT

Asheville is governed by a board of three commissioners, the Mayor presiding, the commissioner of public safety and commissioner of public utilities. At present these officials are John H. Cathey, Mayor; C. H. Bartlett, Commissioner of Public Safety; and F. L. Conder, Commissioner of Public Utilities. The city is constructing at the cost of a half million dollars a new city hall and is cooperating with the county of Buncombe in creating on Pack Square a civic center. The city has constructed a most modern city market and offers a comprehensive school system which is of a high standard. The city as a whole offers well paved streets and a water system which is adequate to all needs. The surface waters of Western North Carolina are noted for their purity, and the Asheville supply is secured from the tops of the mountains surrounding the city. The municipal government is actively engaged in the building of a better city, this including the widening of streets and construction of public utilities.

A BRIEF HISTORY

Asheville was established by John Burton in 1794. It was at that time known as Morristown. In 1894 the town was incorporated as Asheville, being named after Samuel and John Ashe, two prominent citizens. The commercial form of government was adopted in 1905. Asheville's present development dates from the end of the World War and since that time it has grown to metro-

politan proportions. The citizens of this region are considering extending the city limits to include five or more suburbs which will increase the population to 57,000.

TRANSPORTATION

The Southern Railway serves Asheville with four main lines of its system. Twenty-four trains daily and over thirty Pullman lines are included in this service. Freight traffic has increased in this city to nearly double its former proportions within the last twelve months. Asheville is located at the junction of a number of trunk line highways, including Dixie Route A and the Appalachian Scenic Highway. The city is easily reached over paved motor routes which are a part of the seven thousand miles of North Carolina road system. Twenty-five hundred miles of this system are now hard surfaced.

AGRICULTURE

The surplus crops of Western North Carolina in 1925 sold for more than twenty-five million dollars. Asheville is a center for apple production, general grain and field crops, small fruits, livestock and other products of this sort. The increasing wealth of this region is due to good roads and to the Farmers' Federation, an organization for the farmers of this section.

NEARBY CITIES

Within a short distance of Asheville are located other cities of the mountain section which should be mentioned. Waynesville, thirty-two miles west, is the highest incorporated city in the east. Bryson City, seventy-three miles west, is the gate city to the Great Smoky Mountains National Park. Hendersonville, twenty-four miles to the South, is a thriving resort city. Black Mountain, sixteen miles east, is a center for religious assemblies. Weaverville, seven miles north, is a growing community in a diversified region. Within a short distance of the city are located Mt. Mitchell, Chimney Rock, the Sapphire Country, the Nantahala Gorge, Hot Springs, Lake Junaluska, and the Great Smoky Mountains National Park, now being established.

THE ASHEVILLE CHAMBER OF COMMERCE

Serving Asheville and Western North Carolina at large the Asheville Chamber of Commerce is a powerful agency supported by the citizens of this section. The office of the chamber is located on Market Street. Visitors are cordially invited to take advantage of the information service and other facilities offered by the organization

The Battery Park

The Battery Park, one of the South's finest hotels, offers the traveling public unsurpassed convenience and comfort.

Within a few minutes walk of all the shops and theatres, yet quiet and restful because of its spacious plaza and the wonderful mountain views are seen from every room.

Visitors in Asheville will find a hospitable welcome at the Battery Park.

ARTHUR L. MANCHESTER, A. G. O.

Instruction in

Voice Culture, Singing, Piano, Harmony, Counterpoint and Composition

Fourteen years as editor of three leading educational music magazines, thirty years at the head of schools of music of leading colleges, nine years as director of the Spartanburg Music Festival, and many years close association with foremost musicians supplies the background of Mr. Manchester's professional equipment. His standing as a musical educator was recognized by the U. S. Bureau of Education in engaging him to prepare a bulletin on the status of music education in the United States.

CLASSIFIED BUSINESS DIRECTORY of ASHEVILLE, N. C.

Vol. XXVI THE PIEDMONT SERIES 1927

NOTE—Patronize those whose names are in large type, for they are the progressive ones and generally leaders in their line.

☞Index appears in front of special business headings only, for which an extra charge is made.

Purpose of (*) star in front of name is to denote colored person or firm, but we assume no responsibility for its wrong use, errors often creep in.

Giving Names of Householders and Denoting Business Places

Vol. XXVI THE PIEDMONT SERIES 1927

NOTE:—All streets and avenues are arranged in alphabetical order; the house numbers are arranged in numerical order, with names of occupants after each number.

——Dash before name denotes that number is wanting.

(*) Purpose of star in front of a name is to denote colored person or firm, but we assume no responsibility for its wrong use; errors often creep in.—Publishers.

ADVERTISING

is what nothing was ever sold without. If a loaf of bread is sold to a tramp who managed to glom onto a jitney, it had been advertised by the tramp's hunger and by somebody who told him where the bakery was. Or by the window of the bakery itself. There isn't a human being who doesn't believe in advertising. If he really doesn't, he had better commit suicide. And that will give him a lot of publicity that nobody can cash in on.

The man who claims not to believe in advertising is a—well, you know what Ananias was. This boob is too anxious for everybody to tell other people that his place is a good one to trade. But isn't willing to give the advertiser anything for telling the other folks. He is to use a modern term, a something-for-nothing tightwad. The man who puts on good clothes advertises his own respectability, and expects results in the shape of the respect of others. The man who dresses poorly because of necessity or purposely, advertises his poverty and expects results in other people's help or contempt. The doctor claims it is unethical to advertise, but he wants the newspapers to mention every time he has a case. The same is true of a lawyer. In fact, every honest person wants the right kind of advertising. Only dishonest persons are afraid of it, and they get it anyway.

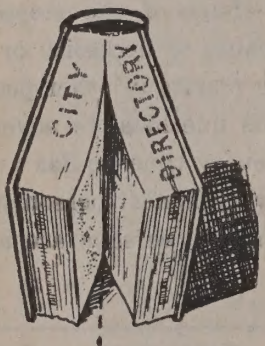
TO GET GOOD ADVERTISING—TALK IT OVER WITH THE DIRECTORY MAN THE NEXT TIME HE IS IN YOUR TOWN

The House of Directories

P. O. Box 1098 **Asheville, N C.**

The First Place the Buying Public Goes!

Why the City Directory first? It saves time. The ads are classified. Your customers find you instantly. It's the logical place for them to go because its an index to the city.



FLORIDA-PIEDMONT DIRECTORY CO.

He is hurrying to consult the New City Directory

What To Do In Case of Fire

Read and undersatnd the instructions on the box. Opening the door does not send the alarm. You must pull down the inside handle and wait for the firemen and direct them to the fire

If a fire alarm box is too far away use the telephone. Call Fire Department, giving your name, street and number

HINTS FOR WISE MEN

☞Directory advertising and success of business are Siamese Twins.

☞$1.00 Bills for 50c would be a great bargain, but no more than Directory advertisements to progressive business men.

Know how to correctly spell a name before saying it is not in The Directory.

☞If you stood 1,000 men, who ought to buy your goods, in a row, you certainly would sell some of them. The City Directory puts them all in a ROW for you. Moral—advertise in your Directory.

☞Master minds of the Business World recognize advertising as the foundation stone upon which vast fortunes have been and still are being built. Your City Directory is one of the corner stones.

Patronize Your City DIRECTORY

The City Directory

Affords you the best medium for reaching all classes of people, and insures you a publicity widespread at a cost small in proportion when compared to that of other mediums.

All Legitimate Directories are: Town Builders, Money Savers, Town Advertisers, Prosperity Forecasters.

THE CITY DIRECTORY

Is found in the money centers and is in constant touch with the money spenders. It is the Buyers' Guide, and the Sellers' Handy-Book.

It is an essential of every live business house. WHY then not help to build up that which helps to build up you and your business?

Your City Directory

FLORIDA-PIEDMONT DIRECTORY CO.

ASHEVILLE, N. C.

CITIZEN WANT ADS

BRING RESULTS

READ BY 80,000 PEOPLE

How many people do YOU number among your friends and acquaintances?

How many could you reach in a hurry—by mail, phone or personal call?

The number is insignificant—PRACTICALLY NOTHING—when compared with the thousands who live here.

Yet there is a way of getting in touch with men and women you never saw—whose NAMES, OCCUPATIONS, RESIDENCE, NEEDS you know absolutely nothing about.

It is through CITIZEN WANT ADS. A few lines under the different classifications on the want pages, such as "Help Wanted," "For Sale," "Lost and Found," etc., reach just the people you want to reach. This is demonstrated day after day to all who use Citizen Want Ads.

Every day we hear of someone who used a CITIZEN WANT AD and received far more results than they had expected

"USE THEM—THE COST IS SMALL"
